APRESENTAÇÃO

Este trabalho representa a sexta edição da publicação das estatísticas do imposto de renda das pessoas jurídicas, referentes ao exercício de 1978, ano base de 1977, publicada pela Coordenação do Sistema de Informações Econômico-Fiscais da Secretaria da Receita Federal. Da mesma forma que as edições anteriores, a obra apresenta-se estruturada sob a forma de quatro conjuntos de apurações, enfocando as modalidades de tributação a que estão sujeitas as pessoas jurídicas. As três primeiras partes englobam o sistema de tributação das empresas, com base nos lucros real, arbitrado e presumido, e a última apresenta estatísticas gerais que agrupam as três modalidades de tributação.

Os dados relativos à forma de tributação baseada no lucro real correspondem apenas àquelas pessoas jurídicas que apresentaram suas declarações de rendimentos através do Formulário I, no exercício de 1978, tratando-se, por conseguinte, de:

- a) empresas com imposto a pagar ou a restituir, que não tenham optado pelo regime de tribut<u>a</u> ção simplificada (Formulário IV);
- b) empresas que tenham sua tributação baseada no lucro real mesmo que não apresentem lucro tributável no período-base;
- c) empresas beneficiárias de reduções ou isenções decorrentes de incentivos fiscais e/ou con tribuições para programas especiais;
 - d) empresas beneficiárias de isenção expressa;
- e) companhias estrangeiras de navegação marítima, aérea e de transporte terrestre internaci<u>o</u> nal;
 - f) empresas públicas;
 - g) sociedades cooperativas; e
 - h) empresas em instalação que tenham despesas diferidas.

Os dados relativos à tributação baseada no lucro presumido correspondem às pessoas jurídicas que apresentaram sua declaração através do Formulário III, as quais podem ter natureza jurídica de firma in dividual ou sociedade por quota de responsabilidade limitada ou em nome coletivo, com atividades comerciais e/ou industriais, cuja receita bruta anual não tenha sido superior a C\$ 4.800.000,00 e cujo capital regis trado seja igual ou inferior a C\$ 1.000.000,00, desde que tenham optado por esta forma de tributação, nos termos da Lei nº 6.468, de 14 de novembro de 1977.

No que concerne à apuração do lucro auferido pelas empresas, no exercício de 1978, foram adotados os seguintes conceitos:

- a) <u>Lucro real</u>: o apurado com base em lançamentos contábeis feitos sistematicamente, de aco<u>r</u> do com as leis comerciais e fiscais. A este regime obrigaram-se dodas as empresas, exceção feita àquelas que puderam, por lei, optar pelo regime de lucro presumido;
- b) <u>Lucro arbitrado</u>: o aplicável à pessoa jurídica obrigada a manter escrituração regular e que não a tenha feito. O arbitramento do lucro foi calculado à base de 30% da soma dos valores do ativo re al ou de 15% a 50% da receita bruta ou do capital;
- c) <u>Lucro presumido</u> : o calculado com base na receita das empresas enquadradas no regime $\frac{1}{2}$ da Lei $\frac{1}{2}$ 6.468/77.

Para os três conceitos supramencionados, para fins de cálculo do imposto, no exercício de 1978, vigoraram as seguintes alíquotas:

30% - sobre o lucro tributável apurado pelas pessoas jurídicas em geral;

17% - sobre o lucro tributável apurado pelas empresas concessionárias de serviços públicos, quando este não exceder de 12% do capital a remunerar;

6% - sobre o lucro tributável apurado pelas empresas que tenham por objeto exploração das atividades agrico las e pastoris da apicultura, avicultura, sericicultura e outras de pequenos animais e das indústrias extrativas vegetal e animal, com exceção das empresas de transformação de seus produtos e subprodutos;

6% - sobre o lucro das empresas concessionárias de serviços públicos de telefonia, de energia elétrica e sobre o lucro das empresas de saneamento básico;

1,5% - sobre a receita bruta das empresas enquadradas no regime especial da Lei nº 6.468/77, incluído nes

ta receita o máximo de 10% de receita de transações eventuais. Os resultados das transações eventuais que se situaram fora deste limite estiveram sujeitos à alíquota de 30%.

Além da taxação acima especificada, incidiu o imposto de 5% sobre os lucros distribuídos sob qualquer título ou forma, exceto quando distribuídos:

- a) pelas sociedades de qualquer espécie, cuja soma de capital social mais reservas não ultra passou a Cr\$ 1.508.700,00;
 - b) pelas empresas rurais, mencionadas no artigo 293, do R.I.R.;
 - c) pelas sociedades anônimas de capital aberto;
 - d) pelas sociedades de investimentos isentas na forma do § 1º art. 116 do R.I.R.;
 - e) ao titular de empresa individual;
 - f) a outras pessoas jurídicas domiciliadas no pais.

As pessoas jurídicas cujo imposto devido na declaração do exercício de 1977 tenha sido igual ou superior a Cr\$ 105.500,00, antes de deduzidos os incentivos fiscais, ficaram sujeitas, no exercício de 1978, ao regime de antecipação do imposto sob a forma de duodécimos.

Foram consideradas isentas do imposto de renda as pessoas jurídicas, inclusive firmas individuais, que exploraram exclusivamente atividades agrícolas, pastoris, comerciais e industriais, cuja receita bruta anual, inclusive a decorrente de transações eventuais, não tenha sido superior a Cr\$ 150.000,00; às demais empresas não compreendidas nas atividades referidas aplicou-se o limite máximo de receita bruta de Cr\$ 94.300,00, para as empresas individuais e de Cr\$ 15.900,00, para as sociedades.

Por oportuno, convém ressaltar que as informações apresentadas neste trabalho referentes aos lucros, quando classificados em negativos e positivos, não computaram as ocorrências de resultado nulo. I dêntico procedimento foi adotado quanto ao ítem imposto líquido, que somente apresenta as ocorrências relativas às pessoas jurídicas que tiveram imposto líquido a pagar ou a restituir.
